ADMINISTRATION MATTERS

Unique Student Identifier

The Council of Australian Governments (COAG) agreed to implement the Unique Student Identifier (USI) to provide students with the ability to obtain a complete record of their nationally recognised training activity and outcomes easily.

If you're undertaking any nationally recognised training, you are required to have a Unique Student Identifier (USI). Your USI is linked to an online account that contains all your training records and results that you have completed from 1 January 2015 onwards.

Without a USI, a student will not be issued with their AQF certificate or qualification at the completion of their nationally recognised training program.

Should a student not have a USI, they are to obtain one online from the Australian Government's USI platform.

Under the Student Identifiers (Exemptions) Instrument 2014, eligible students will not be required to provide us with their USI in order for their AQF certificate or qualification to be issued. Where this is the case, it is important to be aware that the assessment results will not appear on their VET transcript or be available to them through the USI registry system.

Fees Payable

In accordance with **Clause 7.3 of the Standards for RTOs 2015**, Olinga Learning Institute (OLI) will only collect up to \$1,500 prior to the commencement of training. Where the course fees are over \$1,500, the balance of the payment will be invoiced prior to the commencement of the second semester of the course. For a full list of current fees and charges please refer to our website. Olinga Learning Institute (OLI) may discontinue training if fees are not paid as required.

These include activities such as door-to-door sales and telemarketing. A statutory cooling off period allows a consumer to withdraw from a sales agreement within 10-days of having received a sale contract without penalty.

It must be noted that Olinga Learning Institute (OLI) does not engage in unsolicited marketing or sales tactics.

Fee Extension

If you are experiencing difficulty paying your fees by the due date and require a reasonable extension, you may submit a request to our Student & Administration Support Manager via e-mail to: connect@olinga.edu.au. Your request will be reviewed and you will be notified within **10 business days**.

These circumstances may include chronic illness or severe injury sustained (including any mental health illnesses or injuries); the passing of a close family member; major political upheaval or natural disaster; or a traumatic experience.

To lodge an appeal, you are to complete an Appeals Form within **20 business days** of being notified of the decision or finding and submit it to our Student & Administration Support Manager via e-mail to: connect@olinga.edu.au.

These forms are available on the online learning platform, or you may request the form from our Student & Administration Support Manager.

If you are under 18 years old, a copy of the complaint or appeal as well as all other correspondences in relation to the complaint will be forwarded to your parent or legal guardian.

Olinga Learning Institute (OLI) resolve to:

- Review and finalise all complaints and appeals as soon as possible, and no longer than 60-days, unless absolutely necessary;

TRAINING & ASSESSMENT

Academic Integrity

Academic Integrity is the commitment to and the demonstration of honest and moral behaviour in an academic setting. This is most relevant at a vocational level as it relates to providing credit to other people when using their ideas and it requires the acknowledgement of other individual's contributions. Failure to provide such acknowledgement is considered plagiarism.

It is important to know what plagiarism is, what form it takes and how plagiarism happens. Many students who plagiarise do so unintentionally, often because they do not have the academic skills to avoid over-reliance on the work of others or because they do not know what constitutes plagiarism.

Plagiarism is the act of using someone else's work or ideas and passing them off as one's own work. It is a type of intellectual theft and can take on many forms:

- Incorrect referencing – when the material is copied word for word and acknowledged as paraphrased, but should have been presented in quotation marks, or material paraphrased without appropriate acknowledgement of its source.
- Collusion – when learners submit the work of someone else and call it their own, with full knowledge and consent of the other person who has supplied the work, in order to give a false representation of one's effort or performance on the assessment item. The person supplying the work can also be deemed to have participated in collusion. Unintentional collusion can arise from study groups and from group-based assessment where students are unsure about the boundaries -between what is considered acceptable group work and collusion.

- Ghost writing – when an assessment is purposely written by another person and represented by the student as his or her own work.
- Purloining – when material is copied from another student’s assessment or work without their knowledge.
- Re-submission of material – when the material has previously been submitted by another student.

Where plagiarism has been detected, Olinga Learning Institute (OLI) will consider the extent of the plagiarism, noting that the more extensive the plagiarism, the more likely it was intentional.

Where it has been determined that the plagiarism or colluding has arisen from a lack of understanding, the learner will be issued with a formal warning and requested to revise and re-submit the work for assessment. The Trainer and Assessor is also to sit down with the learner to help them understand our Academic Integrity policy by explaining it to them clearly and clarifying any doubts they may have. Where a learner continues to commit plagiarism or collusion, they will be removed from the training program.

Where it has been determined that plagiarism, cheating or colluding was intentional, their work is not to be accepted, and the learner will be issued with an alternative assessment to complete. The learner will be issued with a formal warning in writing detailing the seriousness of the incident and the consequences if the learner is found to plagiarise, cheat or collude again – they will be removed from the training program.

Referencing

Referencing enables students to acknowledge the contribution of and provide credit to others in their work. This shows that the students respect the intellectual property rights of others. Failure to reference appropriately is considered unethical academic behaviour and will result in a student’s work not being accepted. Careless or inadequate referencing is considered as poor practice. Where careless referencing is identified, the student will be required to correct the error and re-submit their assessment.

Printed books are not the only sources that require acknowledgement. Reference will need to be made when using words or ideas from:

- Books and journal articles
- Organisation reports
- Pamphlets or brochures
- Films, documentaries, television programs or advertisements
- Websites, letters, e-mails or online discussion forums

Where the knowledge and material has become part of the public domain, and which can be drawn on without specific acknowledgement such as common facts of history, common sense information, accepted folklore and aphorisms do not require any referencing. For example, Singapore became an independent nation in 1965.

At Olinga Learning Institute (OLI), we encourage our students to apply the Harvard Referencing System in-text citation and reference list. This approach requires three pieces of information about a source:

- The name of the author(s)
- The year of publication
- The page number

Examples of in-text citation:

Student Support

Core skills is an essential aspect of the basic foundations of any work task – from communicating

instructions, to completing reports. The five core skills crucial for students to effectively participate in vocational education and training are learning, reading, writing, oral communication and numeracy.

Olinga Learning Institute (OLI) generally assess a student's core skills during the enrolment process to ensure they have the adequate skills to complete the training. Where we have identified minor core skills deficiencies, we would develop a support plan for the student. The plan is to be tailored to the student's specific needs and can include:

- Additional one-on-one tuition support;
- Weekly sit-downs with the Trainer to find out how they are progressing and what level of assistance may be required;
- Provide reasonable extensions for submissions; and
- Provide learners with additional resources to assist them in understanding the learning and assessment materials.

Where we have identified major core skills deficiencies, we would refer the student to a specialist provider before they are eligible to commence their training with Olinga Learning Institute (OLI).

Where you require a specific support system, please reach out to our Student Support Team at connect@olinga.edu.au. to discuss options that may be available.

Assessment

At Olinga Learning Institute (OLI), we will endeavor to assess and provide you with feedback on your assessment submission within **10 business days**.

Assessment is conducted using a combination of Written Knowledge Assessments, Case Studies, Research Tasks, Project Work and Practical Activities.

The following provides a brief explanation of the primary assessment methods:

- **Knowledge Assessments:** The student is required to participate in knowledge tests over the course of their study. Knowledge assessments can be in the form of multiple-choice questions, true or false questions, or short answer questions. The student may research their answers from the course training materials and notes as well as relevant workplace references.
- **Project Work:** The student is required to undertake a range of projects in the context of their own workplace or on a case study that is provided by OLI and/or the trainer/assessor. A project will require the creation of various workplace documents (reports, memos, etc.).
- **Written Reports / Case Study Response:** The student is required to provide a written response to a situation presented in a case study scenario. This will usually require the student to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.

- **Presentations / Role-Plays:** The student is required to demonstrate a range of skills whilst being observed by, or interacting with, the assessor. These activities will be clearly explained and always relate to relevant duties to the workplace. These activities allow the assessor to observe the student apply their knowledge and skills during practical activity. **PLEASE NOTE:** students will be required in some instances to record themselves, as well as up to 3 participants, conducting a role play. This recorded role play will then be submitted to OLI by the student for assessing and assessment retention as per legislation. These are compulsory and must be completed in order to obtain competency.

Re-assessment

Students will be provided with detailed verbal and written feedback if they are assessed as 'not yet competent'. This feedback on their submission is designed to assist the students in identifying the gaps in their knowledge and skills to be addressed through further training and support, preparing them for re-assessment.

It is a policy of Olinga Learning Institute (OLI) to provide our students with **two additional opportunities** for training and re-assessment at no additional cost to the student.

Students who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment.

For a full list of current fees and charges please refer to our [website](#).

Where students are not satisfied with the outcome of their assessment, they are able to access the appeals process. A student can appeal an assessment decision by submitting an Appeals Form.

This appeal must be lodged to Olinga Learning Institute (OLI) via: connect@olinga.edu.au within **20 business days** of the student being informed of the assessment decision.

You can refer to our Complaints and Appeals policy for more information.

Credit Transfer

In accordance with Clause 3.5 of the Standards for RTOs 2015, it is a requirement of Olinga Learning Institute (OLI) to accept and provide credit to student for nationally recognised units of competency and/or modules, unless licensing or regulatory requirements prevent us from doing this.

In application for a credit transfer, a student must submit a completed and signed Credit Transfer Application Form which can be accessed on your online learning platform, and certified as true copies of the following:

- AQF certificate or qualification showing the completion of the training program and the units of competency issued by an RTO or an AQF authorised issuing organisation; or
- Authenticated VET transcripts issued by the Registrar.

In applying for credit, students should note:

- Any student is entitled to apply for a credit transfer where they have completed the unit of competency (or its equivalent unit) for the training they are enrolled in;
- Students are encouraged to apply for a credit transfer during the enrolment process to reduce any unnecessary training and assessment;
- Students may not apply for a credit transfer for all of the units of competency in a training program – they must participate in the training and assessment in at least one unit of competency;
- Students may only be awarded credit for the equivalent unit of module, as published on the National Register;
- Students may only apply for a credit transfer for units of competency which Olinga Learning Institute (OLI) are approved to deliver on the National Register;
- Students authorise for Olinga Learning Institute (OLI) to verify the information with the relevant authorities to confirm the authenticity and validity of the attained competencies; and
- There are no fees applicable for a credit transfer application.

Recognition of Prior Learning

In accordance with Clause 1.12 of the Standards for RTOs 2015, Olinga Learning Institute (OLI) will provide students with the opportunity to seek Recognition of Prior Learning (RPL) toward a qualification or units of competence for which they are enrolled in.

RPL is a process that assesses a student's competency which has previously been acquired outside of the formal training and education system to determine if a student meets the requirements for a unit of competency. The RPL process removes any duplication of training and assessment and enables students to gain formal qualifications based on the informal training and education they possess.

It is important to note that credit transfer is not the same as a recognition of prior learning process. Recognition of prior learning is a form of assessment whilst credit transfer is an administrative process.

In application for RPL, a student must submit a completed and signed Recognition of Prior Learning Application Form which can be accessed on your online learning platform.

Once the application is submitted, the assigned Trainer and Assessor will review the form in order for them to prepare an RPL Assessment Plan for the student. The student will then be briefed of the requirements and will be required to collate the required evidences and submit it to the Trainer and Assessor by the due date. The evidence provided must substantiate the student's claim that they have previously learnt the skills and knowledge through work, study, life and other experiences, and that they are currently using that knowledge and skills.

The evidence must also confirm the student's ability to adapt their knowledge and skills to the context of the intended workplace or industry.

Forms of evidence to support your RPL application may include, but is not limited to:

- Certificates of informal learning or training undertaken by the candidate in the past 5-years (or a timeframe determined by OLI);
- Examples of work products or samples;
- Job descriptions and/or letter of offer detailing the candidate's job scope;
- Licence documents;
- Performance appraisals or reviews;
- Photographs or videos of the student carrying out their work;
- Professional or trade memberships;
- Records of workplace training;
- Reports from current and previous supervisors or managers;
- Testimonials from clients; and
- Work samples.

The Trainer and Assessor may also require the student to answer knowledge questions verbally, or in writing, or undertake practical tasks as part of their RPL assessment.

Written feedback will be provided to the student regarding their RPL assessment submission once their submission has been reviewed. Students will also be informed of their assessment outcome at the end of the RPL assessment process. Where the student is unsatisfied with the outcome of the RPL assessment process, they have the opportunity to access our appeals process. You can refer to our Complaints and Appeals policy for more information.

In applying for RPL, students should note:

- Any student is entitled to apply for an RPL for the training they are enrolled in;
- Students are encouraged to apply for RPL during the enrolment process to reduce any unnecessary training and assessment;
- Students may only apply for RPL for units of competency or qualifications which Olinga Learning Institute (OLI) are approved to deliver on the National Register; and
- There are no fees applicable for an RPL application.

Your Certificate and Transcript

At the completion of your training program, Olinga Learning Institute (OLI) will issue students with their certificate and/or transcript within 30 calendar days of the completion of their training program, providing all agreed fees and charges have been paid and the USI provided is valid and correct.

Where you require for a re-issue of your certificate and/or transcript, there is a fee payable. For a full list of current fees and charges please refer to our website.

Course Duration

Students are responsible for their own learning and development and ensure they are maintaining progress with their learning as outlined in their training plan.

We acknowledge that a student's circumstances can vary from when they commence their course to the circumstances they face whilst progressing through the course.

Olinga Learning Institute (OLI) will work with our students to support them in completing their course within the duration specified in their Confirmation of Enrolment.

Olinga Learning Institute (OLI) will maintain and track each student's course progress to ensure a student is continuing to meet course requirements and that the course is completed within the expected duration of study.

Olinga Learning Institute (OLI) will monitor a student's academic performance and alert the student where necessary should they be falling below the requirements.

Extension to Course Duration

Olinga Learning Institute (OLI) will only extend the duration of the student's study where it is clear that the student will not complete the course within the expected duration, as specified on the student's Confirmation of Enrolment, as the result of:

- Compassionate or compelling circumstances;
- An approved deferment or suspension of study has been granted in accordance with the Deferral, Suspension or Withdrawal policy; or
- After implementing an intervention strategy for students who are at risk if not meeting satisfactory course progress.

All intervention strategies or extensions will be assessed individually, taking into account the circumstances of the student.

Students will only be permitted a maximum enrolment period of 2-years. If a student has reached their maximum allowable enrolment period, they will not be granted any further extensions and will have to re-enrol into the course.

Monitoring and Tracking of Course Completion

Olinga Learning Institute (OLI) tracks a student's progression during the training program to ensure the student is meeting the course requirements and is on track to complete their course on schedule as outlined in their Confirmation of Enrolment.

This enables Olinga Learning Institute (OLI) to identify any concerns immediately and help minimise any adverse effects to the student. This also assists us in implementing the necessary intervention strategies, where required.

Please do not hesitate to approach your Trainer, or our Student & Administration Support Manager if you are experiencing any difficulties with your studies, and we will endeavour to provide any additional support where possible.

Intervention Strategies

It is a policy of Olinga Learning Institute (OLI) to implement intervention strategies for students not meeting satisfactory course requirements. A student's progress will be reviewed to at the start of each academic quarter (i.e., January, April, July and October) to allow Olinga Learning Institute (OLI) to identify 'AT RISK' students:

- The student has failed more than 50% of the units;
- The student has been identified as unable to complete the course within the set duration;

Face-to-face students only:

- The student has missed more than 20% of classes for the semester.

Strategies for intervention may include, but are not limited to:

- Modifications to their course load or training plan;
- Additional tuition support from the student's Trainer and Assessor where appropriate;
- Extension in their course duration (to no more than 2-years from the date of commencement);
- Assist students in accessing appropriate support services such as counselling support services.

All students identified as 'AT RISK' will be sent a meeting request to discuss their academic progress and appropriate support and intervention strategies. An intervention strategy plan is developed and if the student does not agree with the intervention strategy plan, the student has 20 business days to lodge an appeal. You may refer to our Complaints and Appeals policy for more information in accessing the appeals process.

Deferral, Suspension and Withdrawal

Students can defer or temporarily suspend their enrolment on compassionate grounds or compelling circumstances.

Students may also withdraw from their course. Students who withdraw from their course may be entitled to a refund of their course fees. Kindly refer to the Refunds process for more information about a refund you may be entitled to. Where a student has purchased texts, training workbooks or materials, Olinga Learning Institute (OLI) will not refund the monies for this expense.

Applications for deferment, suspension or withdrawal must be made by completing a Deferral, Suspension or Withdrawal Form. This form is available on your online learning platform, or it can be requested from our Student & Administration Support Manager. A copy of the form as well as all correspondences in relation to the request will also be forwarded to the parent or legal guardian of students under 18.

In any given situation that leads to a suspension or cancellation of a student's enrolment instigated by Olinga Learning Institute (OLI), formal written notification will be provided to the student. In turn, the student has **20 business days** to lodge an appeal.

The suspension or cancellation of enrolment instigated by Olinga Learning Institute (OLI) cannot take effect until the appeals process has been completed should the student choose to lodge an appeal, unless extenuating circumstances relating to the welfare of the student applies.
